

Whittier Middle School

Performance Guidelines for Audience Members:

The Sioux Falls Schools Fine and Performing Arts Department has a goal to educate its audiences as well as its students. In this spirit, we have outlined what is widely considered appropriate behavior for audience members at a fine arts performance. We acknowledge that in today's world there are many types of activities in which our students participate. What may be appropriate at a sporting event may not be appropriate in the performance setting. Please take these suggestions in the spirit that they are given. It will increase everyone's enjoyment of the performance.

A good audience member:

Remains quiet and attentive during the performance.

Shows his/her appreciation by applauding at the end of the performance.

Is responsible for the appropriate behavior of young children.

Remains seated and stays for the entire performance.

Does not attempt to contact performers backstage or during intermission.

Leaves or returns to his/her seat only in an emergency and during applause.

Remembers that the performance is being recorded and any noise (talking, coughing, baby cries, etc.) will be picked up on the recording equipment.

Remembers to turn off all electronic devices (cell phones, watches, pagers, etc.) for the duration of the performance.

Special Thanks

A special thank you to: Whittier Administration and Staff, District Fine & Performing Arts Staff, Whittier Custodial Staff, Parents and Guardians of our Students.

Fall Chorus Concert
